Critical Incident Management Procedure and Policy

Chrysalis Steiner School - Independent School, NSW

Preamble

Chrysalis School is committed to ensuring the safety and wellbeing of all students, staff, volunteers, and community members. In accordance with NESA, AISNSW, and NSW Department of Education guidelines for registered and accredited non-government schools, this procedure outlines the required responses to a *critical incident* – an event or series of events that significantly impacts the school community and may require emergency management, rapid communication, and longer-term recovery planning.

Critical incidents may include (but are not limited to) natural disasters such as flooding and landslides, bushfires, significant injury or illness, death, accidents, violent or threatening behaviour, or any event that poses an immediate risk to life, wellbeing, or normal school operations.

This procedure applies to:

- All Chrysalis campuses and staff
- Students, volunteers, Board members, and visitors
- Incidents both on-campus and during school-related activities

Critical Incident Procedures

The following procedures outline a general response to a critical incident, assigning responsibilities among relevant staff members, and cover all the actions given and timelines for doing so.

Critical Incident Management Plan

The Critical Incident Management Plan (separate to this document) provides detailed responses for incidents most likely to occur in the Chrysalis operational environment. If an incident is outside of the experience "envelope" described, the general response should be adapted to suit the circumstances.

Incident Management Team

Jeremy Street - Business Manager (Team Leader)

0409 079 101 | 02 6655 8616

Lisa O'Donnell - Education Director

0409 370 582 | 02 6655 8616

Rowan Lennox - Board Chair

0439 477 502

Onsite Counselling Support

Nerida Oberg – School Counselling Consultant 0414 801 656

Deputy Leader

- · Supports the Incident Controller and acts as backup if needed
- · Oversees the wellbeing and safety of students and staff
- · Coordinates classroom evacuations or relocations
- · Communicates with teaching staff and manages class coverage
- Keeps a roll of students present and ensures safe handover

Communications Coordinator

- · Drafts and distributes timely updates to families via email, SMS and school app,.
- · Manages internal communications with staff
- · Ensures consistent, accurate, and
- appropriate messagingMaintains a log of all outgoing communications

First Aid and Welfare Coordinator

- · Provides immediate first aid or medical triage where needed
- · Monitors students and staff for distress, trauma, or anxiety
- · Liaises with internal and external counselling or mental health providers post-incident

Team Leader

- · Oversees the overall management of the incident
- · Assesses the situation and activates the Critical Incident Plan
- · Coordinates the team and delegates responsibilities
- · Makes high-level decisions, including school closures or evacuations
- · Liaises with emergency services, board chair, and external authorities
- · Approves all public and media communications.

Facilities & Safety Coordinator

- · Secures affected areas and ensures physical safety of the site
- Conducts risk assessments and manages utilities (power, water, gas)

 • Liaises with SES, fire services, or
- council for access or clean-up
- · Coordinates site access for emergency responders

CHRYSALIS CRITICAL INCIDENT **MANAGEMENT TEAM**

- Each team member should have a clear backup in case of absence or inaccessibility.
 Regular **training, drills, and plan reviews** should be conducted to ensure readiness.
- A *critical incident kit* should be kept accessible, containing contact lists, maps, medical info, and high-visibility vests.

Critical Incident Management Immediate Response

Within First 24 Hours

 Implement the relevant Critical Incident Plan, including emergency evacuation or lockdown procedures. Identify those most affected and begin psychological first aid (refer to our Counselling Consultant or Mental Health Line if required). Communication Channels Communicate with emergency services, hospital, or medical personnel as required. 	vvicimi i mac 2 i madi a		
Continue to communicate with emergency services, hospital, or medical personnel as required. Enact Safety Procedures If applicable, secure and evacuate the affected area. • Manage media and public information (see Section 5).

Critical Incident Management

Specific Natural Hazard Management

Flooding, Landslides, and Access-Related Closure

	ncil, and Transport for NSW.
If flo	ooding or landslides affect access to the school:
• Co	entact bus companies and transport providers to confirm safe routes.
• As	sess staff access and determine if a partial or full campus closure is necessary.
• No	otify parents immediately using all communication channels.
• If s	students are already on campus and road access is cut:
• Ac	tivate on-site emergency shelter and supervision protocols.
• As	sign key staff to remain with students until safe collection or transport is available.
• Co	ordinate with SES and emergency contacts to arrange alternative transport.

Secondary Response (48-72 Hours)

- Reassess counselling and wellbeing support needs for students and staff.
- Provide factual, age-appropriate information to the school community.
- Debrief staff, students, and other affected individuals or groups.
- Resume normal school operations as soon as safe and practicable.
- Finalise and submit a **Critical Incident Report** to the Leadership Team and Board.

Ongoing Follow-up

- Maintain contact with affected individuals or families and monitor recovery.
- Provide additional mental health support or referrals as needed.
- Monitor for delayed trauma or stress responses in the weeks following.
- Organise a memorial, reflection, or ritual as appropriate.
- Conduct an evaluation of the school's response and update procedures accordingly.
- Prepare for potential legal, insurance, or investigative processes.
- Document all actions for future reference and compliance reporting.

Media and Public Information Management

- All media enquiries are to be directed to the Business Manager.
- No staff member or volunteer should speak to the media without prior approval.
- The Business Manager will liaise with the Incident Management Team to determine messaging that protects the privacy of individuals and upholds the integrity of the school.

Review and Evaluation

- After each critical incident, a formal review meeting will be held by the Critical Incident
 Team.
- Feedback from staff, students, and families will be gathered to evaluate effectiveness and identify areas for improvement.
- Policies and procedures will be updated based on findings.
- The **Critical Incident Management Plan** will be reviewed annually or after any significant event.
